

UI / UX Designer

Islamabad, Pakistan | [Full Time](#)

[Apply Now](#)

About the role

- Collaborate with product managers and developers to understand user requirements and business goals.
- Design intuitive and visually appealing user interfaces for web and mobile applications.
- Create wireframes, prototypes, and mockups to communicate design concepts effectively.
- Conduct user research, including interviews, surveys, and usability testing, to gather insights and validate design decisions.
- Iterate on designs based on feedback from stakeholders and end-users.
- Work closely with development teams to ensure seamless implementation of designs.
- Stay updated on industry trends and best practices in UI/UX design.

Requirements

- Bachelor's or Master's degree in Design, Human-Computer Interaction, or a related field.
- Proven experience of 0 – 3 years as a UI/UX Designer, with a strong portfolio showcasing your design skills and process.
- Proficiency in design tools such as Adobe XD, Sketch, Figma, or similar.
- Strong understanding of user-centered design principles and methodologies.
- Experience with user research techniques and usability testing.
- Familiarity with front-end development technologies (HTML, CSS, JavaScript) is a plus.
