Display 02 Text

Display 01 Text

Heading 03 Text

Heading 04 Text

Heading 05 Text

Heading 07 Text

Heading 09 Text

Heading 08 Text

Heading 06 Text

common text elements.

Paragraph

Paragraph, body and other

bigger and better font size, biggest one 35

Large Paragraph

Extra Large Paragraph

paragraph which has bigger and better font size 25 **Default Paragraph**

where we need to emphasize our point more there we use large

where we need to emphasize our point more

there we use large paragraph which has

Small Paragraph

Least important stuff is smallest font size 18

not to distract user and some unnecessary but needed to

be mention data are presented in default format 22

Button

and size variations

Component, Button style

List

Bullet List

ok this is enough for today

• it is also used at various placed

• other than this idk some place else

Number List

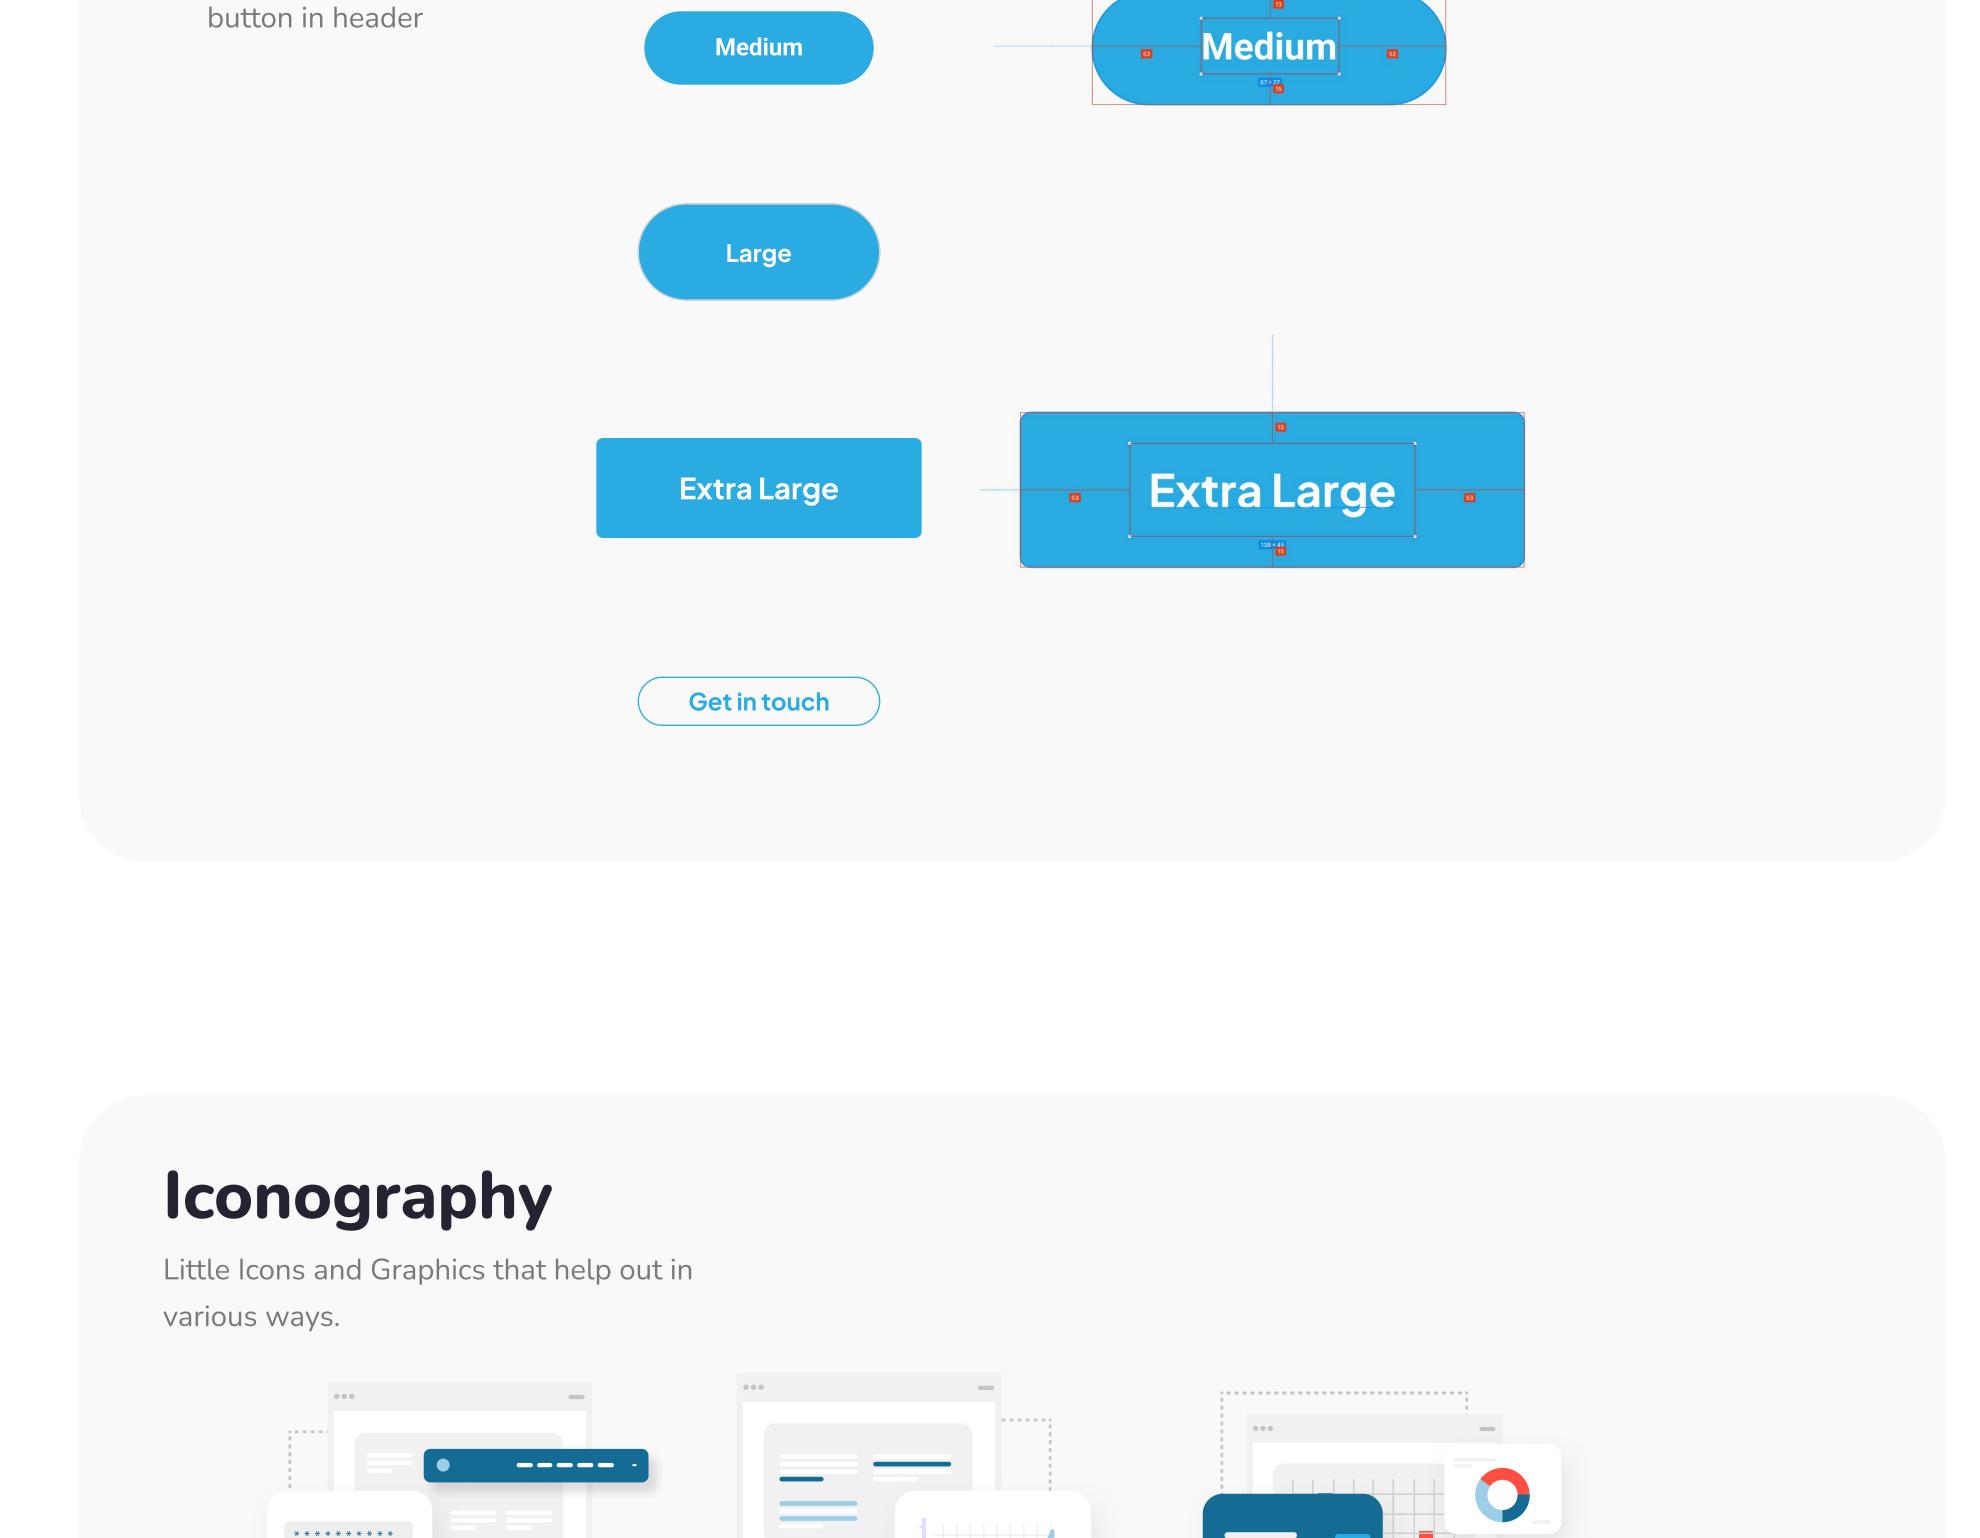

we use them when defining job description

- **01**. There are many variations of passages
- **02**. we have used these like in FAQs

03. there are 5 number listing there

04. other than their idk where else we used
